

SACES RESEARCH AND BEST PRACTICES AWARD COMMITTEE

CALL FOR PROPOSALS

2009

Purpose: The purpose for this call for proposals is to fund innovative best practices and research studies related to counselor education and supervision. SACES will fund up to six proposals, of up to \$500 each.

Who May Apply: This grant competition is open to both professional and student members of SACES. Because of their need and because of the limited funding available for student research, student researchers are especially encouraged to apply. Individuals may submit (or be part of a submission team) for only one proposal. **Multiple submissions by any researcher (individually or as part of multiple research teams) will not be accepted.**

Proposal Format: Proposals must adhere to the following requirements in order to be considered for the award:

- Follow the guidelines set forth in Chapter 5 of the Publication Manual of the American Psychological Association (5TH ed.) (2001).
- Proposal must be no more than four pages excluding the application form.

Evaluation Criteria: A panel of reviewers will evaluate Research proposals using the following criteria:

- a. The researcher is a current Professional or Student member of SACES, and the researcher has submitted only one proposal for funding in this year's grant program.
- b. Points will be awarded according to the following formula:
 - Proposed topic is within the scope of counselor education and supervision (30 pts.)
 - Relevance of research or practice to counselor education and supervision as evidenced by the Literature review (30 pts.)
 - Research methodology, description of program, and relevance of funds to the execution of research (25 pts.)
 - Applicable ethical standards for research with human subjects (15 pts.)

As a condition of the acceptance of the grant award, the researcher is required to

- Submit a copy of the proposal in presentation form and present the research results at a SACES or ACES Conference when the next call is announced.
